Re: Howell v. Nassau
Index No.: 2:15-cv-04275(JFB)(SJL)
Our File No.: 01-23441

Dear Magistrate Judge Locke:

Enclosed herewith please find two Proposed Orders regarding the transfer of the incarcerated plaintiff Kyle Howell to Nassau County for purposes of conducting an independent medical examination. I have spoken with Charles Quackenbush, Deputy General Counsel at the Department of Corrections who advised that the examination of the plaintiff could be accomplished by the DOC doing an internal transfer of the plaintiff from Greene Correctional Facility to Downstate Correctional Facility and thereafter plaintiff could be transported to and from Long Island on the same day. The expense involved in transporting the plaintiff for the examination would be the cost of travel and probably one full day salary for the two correction officers who accompany the plaintiff on the roundtrip from Fishkill to Glen Cove for the examination.

In light of that suggestion, I also consulted with Thomas S. Lieber, Assistant Director of Classification and Movement for New York State Department of Corrections and Community Supervision, who provided guidance in the drafting of Proposed Order #1 submitted herewith. However, in light of the fact that the Court Order dated May 3, 2018 stated that plaintiff was to be transported to Nassau County Correctional Facility for the purposes of the medical examination, I have proposed Order #2 if that is the Court's preference. However, clearly, it is the defendants' preference for the Proposed Order #1 to be signed and Proposed Order #2 to be disregarded.
